Staff Report Takes Issue With Manner In Which Defense Dept. Procures

WASHINGTON (AP)—The House Appropriations Committee made public today a staff report criticizing Defense Department procurement practices as "unrealistic" and as giving contractors "a tremendous advantage."

Included in the 397-page document were formal replies from the Defense Department, the Army, the Navy and the Air Force, in general, they defended the criticized practices on grounds of the hurryup or "crash" nature of the contracts involved made normal procedure impractical.

Rep. Whitten (D-Miss.), a committee member, commented in the report that there were indications that "the government is spending billions needlessly to someone's profit."

The report, on which three teams of committee members have been working since last April, made no charges of corruption or willful wrongdoing.

No specific time period was covered by the survey, but much of the material involved was ordered or delivered during the Korean War period. The report made no distinction between Republican and Democratic administrations. The wartime period included parts of both.

The report cited examples it said showed "serious deficiencies with respect to policy guidance making formal contracts, 'unrealistic' delivery schedules, diversion of production funds into research and development, inadequate stock control, 'flagrant deficiencies' in procurement and contract operations and reports of 'political pressure' in contract dealings."

Dulles to Tell Nation About Far East Trip

WASHINGTON (AP)—Secretary of State Dulles tells the nation tonight about his current efforts for blocking efforts by Russia to penetrate the free nations of Asia politically and economically.

He will broadcast a public version of his report on a 27,000-mile Asian trip—a report described by several Congress members yesterday as moderately optimistic from the free world viewpoint.

Dulles gave such a report to three separate groups in secret sessions yesterday, and arranged to do so twice more today. First on his schedule was a Cabinet meeting then a session with the Senate Foreign Relations Committee.

His talk tonight (10:30 p.m.) will be carried by ABC radio and television and by MBS and CBS radio networks. NBC arranged to carry it on radio in a delayed broadcast (11:30 p.m.).

President Eisenhower, meanwhile called in top State Department, Defense Department and intelligence advisers to consult on an unannounced subject, possibly continuing Middle East tension.

Conducted All Day Thursday—

Large Group Attends Sedalia's Annual Education-Business Day

The Little Theatre at Smith-Cotton High School was the meeting place for a large number of interested business men and women Thursday morning ready to visit the various schools of the city as the guests of the schools. The occasion was Education - Business Day.

Dr. Heber U. Hunt presided over the meeting and introduced Mrs. Carl Schrader who presented a quartet of Junior boys who sang one sacred number and two light numbers much to the delight of the audience.

E. J. Kehde, Jr., a member of the school board was introduced by Dr. Hunt. Kehde stated that Sedalia has one of the best school systems and the only way to run it is for everyone to be well informed.

Dr. Hunt commented that sometimes people fail to realize the work being done by the board of education and he introduced two former members in the crowd, A. L. Pringle and Ralph Salmon. Dr. Hunt went on to say that the school levy will be voted on at the regular school election on Tuesday, April 3, and will be \$1.10 which is 15 cents less than last year. The board of education has authority to set the levy, he said. The levy must be passed each year. He went on to say that this must not be confused with the school bond issue which will be voted on Tuesday, May 8.

Floyd Priddy, president of the Chamber of Commerce, was introduced and stated that the business men and women of the Chamber of Commerce looked forward to this day, Education-Business Day, when they may visit the schools as guests. He introduced the director of Education-Recreation division, James L. Van Wagner, Jr. The principals of the various schools were then introduced and

the group left for the schools to which they had been assigned. In these schools the principal of each gave an informative talk after which the visitors were guests at luncheon. Ozark Farmer Is Charged With Murder

He Surrenders, Then Refuses to Comment On Shotgun Killing

MARSHALL, Ark. (AP)—An Ozark farmer who eluded police for five days in the hills surrounding this north Arkansas town surrendered last night and was charged with first degree murder today.

Sheriff Billy Joe Holder said the man, 55-year-old John Moore, neither admitted nor denied any connection with the shotgun slaying of Herbert Hunter Saturday night.

"He just won't talk," Holder said. Holder said Moore went to the home of a brother-in-law, Robert Housley, and asked Housley to telephone authorities. Moore waited at the house until Holder arrived to arrest him, said the sheriff.

Moore, jailed here, was questioned this morning. Holder said Prosecutor Dan Stephens filed a charge of first degree murder against Moore, and planned to file a charge of assault with intent to kill against him in connection with another shooting.

Moore was dirty and unshaven after his five days in the woods. Holder said he apparently wasn't harmed.

The search for Moore began last Saturday afternoon after he and Hunter were involved in a fracas at the farm home of Tom Popejoy near the village of St. Joe.

About 8:30 Saturday night, Hunter was wounded fatally by a shotgun blast as he sat in Popejoy's home. The assassin fired through a window. A few minutes later, Popejoy also was shot down. He was hit after running out on a porch.

Hunter died Monday in a hospital at Little Rock, but Popejoy is recovering at a Marshall hospital from his wound.

City Official Bans Church's Organ Music

ST. LOUIS (AP)—The congregation of Centennial Christian church will have to sing for a while without benefit of an organ. Charles V. Pregaldin, deputy building commissioner, yesterday banned organ music on the ground the vibration might cause the building to collapse.

Soviet Pushes Science

Protestant Clergymen Returned From Trip To Russia Perceive Move On Religion

NEW YORK (AP)—A group of Protestant clergymen returned from Russia today and said the Soviet government has "increased the aggressiveness of scientific education as the means ultimately to eradicate religion."

They said they found that the church has more freedom in the Soviet Union now than in "preceding decades, but at the same time confronts a more subtle challenge" because of this educational policy.

A statement by the group was read at a news conference by Dr. Eugene Carson Blake of Philadelphia, president of the National Council of Churches, after the nine church leaders arrived at Idlewild Airport.

The statement said the most severe limitation of the church in Russia was in the field of education, for there appeared to be no religious instruction except in the home by parents, and by priests and ministers on "occasional visitations."

In return for freedom of worship, the statement said, Russian church leaders are "apparently inclined to go along with Soviet Communist leadership" in important areas, notably peace propaganda.

The churchmen said they had gone to Russia for a "definite church purpose" and would make no comment on economic and political conditions except as they apply directly to the situation of the churches.

They said they were told repeatedly that the church and state are separate, and that "in a limited sense, this is true by our standards."

"There seems to be no interference with worship in the church," they said. "Congregations are large and devout in the relatively few available churches, with a preponderance of older people and of women."

Bowles Wants New Surplus System Used

DENVER (AP)—U.S. farm surpluses could become a new weapon in the cold war, Chester Bowles, former ambassador to India, said last night. He proposed their use in a global system of agricultural barter designed to aid the economies of all free countries.

The wedding of foreign and farm policies would require both imagination and funds, he told the National Farmers Union, but added:

"Let it not be said by future historians that in the second decade after World War II freedom throughout the world died of a balanced budget."

Bowles declared Russia is beating the United States "at our own game" in all-important Asian and African countries.

"The miracle of Marshall Plan assistance in Europe and its counterpart in Greece and Turkey saved a desperate situation in the grim years of the immediate post-war era; they literally stemmed the tide of Communism in western Europe," the former Roosevelt administration official declared.

"Asia, Africa and South America now require our help to create competent, stable states with expanding economies and opportunities," he said.

Corrections Head, Governor Prepare Prison Cut Battle

Appropriations Chairman Hints At Possible 8-Million-Dollar Drop for Medium Security Jail

JEFFERSON CITY (AP)—Gov. Phil M. Donnelly and his state corrections director took a stand today in the face of threatened cuts in the prison appropriations they recommended.

Col. James D. Carter, state corrections director, recommended the penal system get \$20,508,000 from the state's \$75 million building bond issue. That would include \$13 million for a new medium security prison away from Jefferson City.

The medium security institution was the only specific recommendation the governor made when he called the Legislature into special session four weeks ago.

But yesterday Rep. Joseph W. Martino (D) of St. Louis, House Appropriations chairman, reportedly said the committee might cut the allotment for a medium security prison from \$13 million to around \$5 million.

He said the committee felt an institution to house 500 men would be big enough if present facilities at the prison's Church farm and at Alcoa Intermediate Reformatory were fully used.

The governor told his news conference today he hoped Carter would "stand firm" on the original request "because I think it's necessary."

Carter agreed. "Our request was submitted after careful study and analysis," he said. "I'm standing fast on our initial request. The rest will be up to the Legislature."

He said the main penitentiary now has around 1,200 men who would be eligible for a chance at rehabilitation in a medium security institution.

If the cuts mentioned by Martino should be made," Carter said, "it would handicap us in going ahead. It would be impossible to carry out a thorough program and the main prison would simply continue as a school for crime."

He said a \$5 million appropriation would not be enough to put Missouri's penal program in line with other states and "provide the kind of program Missouri deserves."

A bill authorizing a medium security institution has been introduced in the Senate but has been stalled by opposition in the committee.

Republicans Announce Their Final Slate For City Election

The final slate for the Republican party in the city election on April 3 was announced by City Chairman Mrs. Cleo Shumacher Friday morning.

"Doc" Beach, city police magistrate.

The board of education member nominated for re-election was Forrest Benner.

mittee on correctional institutions headed by Sen. J. F. Patterson (D) of Caruthersville.

The Senate will not be in session next week and Patterson has not indicated when an effort will be made to pry the bill out of the committee.

Big Teamsters Confab Begins In Honolulu

Top Leaders Face Prospect of Split Over One Official

HONOLULU (AP)—Top leaders of the nation's largest union, the Teamsters, meet here Monday for a session that could split their ranks and jar the entire AFL-CIO.

Meeting in a hotel penthouse overlooking Waikiki Beach, the Teamsters 15-member Executive Board may face a showdown over a major issue—the growing power of the union's controversial ninth vice president, James R. Hoffa of Detroit.

Whether the issue will come to a head at the eight-day session is not certain.

"These things have a way of building up and then being smoothed over" one veteran labor observer said.

But the ingredients are here. One anti-Hoffa source says several of the vice presidents on the board are prepared to tell Teamster President Dave Beck he has to stand up and put down Hoffa.

They are, the source says, very worried about Hoffa's spreading power, particularly in New York and the East.

Their chance for a showdown could come on at least two items on the agenda.

One is the \$400,000 loan which Hoffa offered last month to the east coast International Longshoremen's Assn. ILA was kicked out of the AFL in 1953 as a "racket-ridden."

The second centers around a disputed election in New York City's big 125,000-member Joint Teamster Council.

George Meany, AFL-CIO president, has implied the Teamsters will be suspended from the big labor federation if the ILA loan goes through.

Faced with that threat, Hoffa agreed to let the matter await the meeting here.

Beck says it will get "very complete discussion," but neither he nor Hoffa predicts what may happen.

Legislator Testifies Before Grand Jury Making Tax Inquiry

ST. LOUIS (AP)—State Sen. Michael Kinney (D-St. Louis) has appeared before a federal grand jury investigating the handling of income tax cases during the Truman administration.

Reported under consideration by the grand jury is the tax case of Frank H. Niehaus, St. Louis undertaker who was convicted in July 1951 of income tax evasion.

Kinney, a lawyer, participated in the case at one time. He testified before the grand jury yesterday.

Under inquiry by the grand jurors is a report that the Niehaus case was under consideration about five years before his conviction. He was paroled after serving two years of a six-year prison term. He also was fined \$20,000.

Niehaus told a government investigator four years ago that at one time during the investigation of his accounts some internal revenue officials strongly suggested he was in ill health.

That was at a time when the tax bureau didn't prosecute cases against persons in ill health. Niehaus said an examination by a doctor showed him to be in good health, however.

Niehaus testified before the grand jury last November.

The heaters are a German idea. They are small, and by an infra-red process, throw 1600 degrees of heat against the objects below without warming the air in between. Europeans have been using them for a number of years for heating large interior spaces and for melting ice.

If successful, the heaters should be a boon to those who operate outdoor theaters and eating places, even in the theoretically balmy South. There should be other uses for them, too, such as greenhouse protection for gardens during unseasonable freezes. And what a boon for merchants, who could use them to keep window shoppers comfortable long enough for them to make up their minds to come in and buy.

First Baptist Begins Week Of Evangelism

The First Baptist Church will begin a week of evangelism on Sunday, extending through Easter, April 1.

On Sunday morning the pastor will bring the message at 10:45 on the subject "A Ransom for Many." The Youth Choir and the Adult Choir will sing together the anthem, "Jerusalem," with Mrs. Charles Farley and Mrs. Stanley Fisher as soloists. At the evening service, Dr. Earl Harding, guest preacher for the week will be present and speak on the subject "Facing God's Record." There will be a large chorus choir and congregational singing led by Carl Yessen.

This special week of meetings has been planned for some months and it is expected to be a major event in the life of the church. All organizations of the church will co-operate in furnishing a large attendance and all other meetings during the week will be reduced to the lowest possible minimum in order that this meeting will have the right-of-way.

Dr. Harding, the preacher, is well-known over the state, being executive secretary of the Missouri Baptist General Association. He has held this position for the past two years, coming from the pastorate of the First Baptist Church, Joplin. He has won a great place in the minds of the Missouri Baptists and is held in high esteem by all who know him.

He is a graduate of the college at Warrensburg and is a doctor of theology and a graduate of the Central Baptist Seminary of Kansas City, Kan. Throughout the week at 7:45 each evening (except Saturday) Dr. Harding will preach and Mr. Yessen will lead the singing. The subjects of the messages from Monday through Friday evening will be:

Tuesday, "How the Gospel Meets Our Need."
Wednesday, "It Does Make a Difference."
Thursday, "The Right Heart Attitude."
Friday, "Shackles of Sin."

Sunday morning, April 1, "The Name of Jesus."
Sunday evening, 7:45, "The Way of Salvation."

Tuesday—Men's Night, Male Chorus, "What Must I Do to Be Lost?"

Charles Jr. Continues Van Dyne Tradition With Mizzou Tigers

'Van' Follows In Father's Steps; Norris Kelley Also Accepts MU Scholarship

Another Van Dyne is stepping up to carry on the family tradition at the University of Missouri.

Three brothers and the two sons of one of them have carried MU Tiger colors on the gridiron since 1914. Don Faurot, MU Tiger coach and one-time teammate of Charles Van Dyne, Sr., has announced Charles Jr. and his teammate, Norris Eugene Kelley, star Smith-Cotton gridders, have accepted athletic scholarships at Missouri, and will enroll there next fall.

Kelley, a 6 foot-1 inch 200-pound tackle, was named to the prep all-American, the all-state, all-district and all-conference teams last fall.

First of the Van Dynes to play at Missouri was Clifford, now dead, who lettered in 1914-15-16. Charles made his letters in 1922-23-24. John, an end, won his letters in 1929 and 1930, emerging in the latter year as the team's leading scorer.

Two of Clifford's sons also won letters in football, Jack in 1941 and 1942, and Danny in 1942. Danny went out for track after his return from service and made several pole vault records. He lettered in 1947-48-49.

Charles Jr., a 6 foot, 3 1/4 inch 190-pounder, is mentioned for a berth on the Missouri All-State high school basketball team. In football he played end, but could easily fill a quarterback spot because of his passing and kicking.

Humez Makes His Pro Debut Against Jones

By MURRAY ROSE

NEW YORK CITY — European middleweight champion, Humez, makes his pro debut in the United States tonight as an 8-5 favorite over "spoiler" Ralph (Tiger) Jones in a television bout at Madison Square Garden.

The ring-worn, 28-year-old ex-coal miner, has been made the choice on his unbeaten streak of 17, his European reputation and his knockouts of countryman Pierre Langlois, a long-time campaigner in America, and Germany's Hans Stretz.

On the basis of the aggressive, wide-in styles of both, the fight figures to be a slugfest all the way.

The 10-rounder will be broadcast and telecast (NBC-TV, radio, 10 p.m., EST).

The Frenchman has a cauliflowered left ear, a bent nose, scars over both eyes and two gold teeth as evidence of his willingness to mix it up. The 28-year-old Tiger, from Yonkers, N. Y., is an old favorite of TV fans because of his enthusiastic swinging.

Humez, long reluctant to leave Europe, finally decided to invade this country when he realized that was the only way he could get a shot at the world 160-pound title. He is ranked right behind champion Sugar Ray Robinson and Carl (Bobo) Olson, the ex-champ. Jones is the No. 3 contender.

The Tiger is a real test for Humez. Jones soundly defeated Robinson 14 months ago, before Sugar Ray regained the crown. Jones also stopped Ernie (The Rock) Durando of Bayonne, N. J., in six rounds last June. The Rock kayoed Humez 2 1/2 years ago in Paris, in the sixth.

That was the last time the Frenchman tasted defeat. He drew with Claude Plazzo, beat him in the return and swept the next 15. His record is 83-4-1 with 41 knockouts. The Durando disaster was his only knockout loss.

Jones has a mediocre 38-15-3 record.

Rookie outfielder Solly Drake of the Chicago Cubs is a graduate of Philander Smith College.

Hogan's Pupil Leads Miami Open Tourney

MIAMI BEACH, Fla. (AP)—Gardner Dickinson Jr., one of Ben Hogan's prize pupils, and Billy Maxwell, from Hogan's home state of Texas, were targets today in the second round of the Miami Beach Open Golf Tournament.

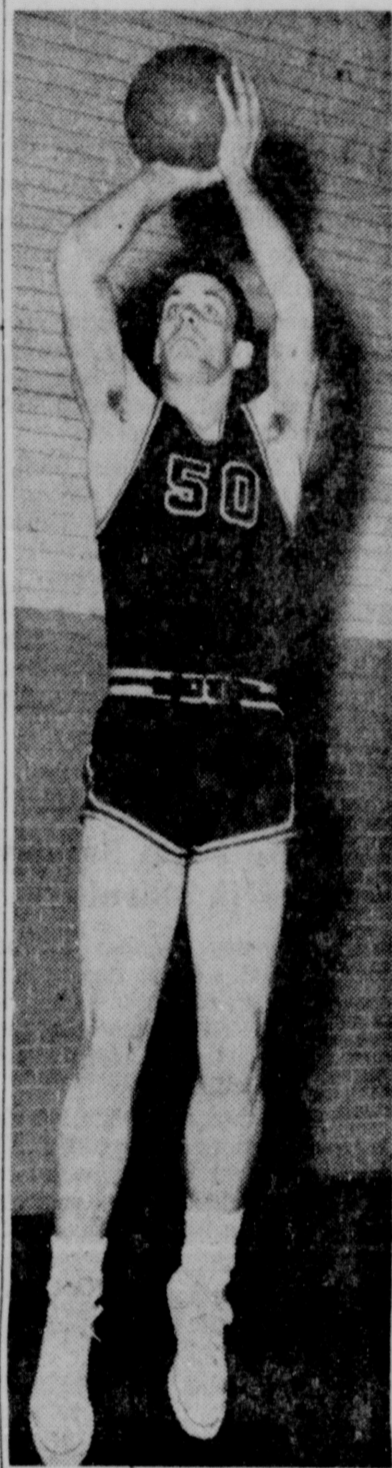

The young pros—Maxwell, is 26, Dickinson 28 — played brilliant golf, worthy of Hogan himself, as each posted an 8-under-par 64 in yesterday's opening round. They were three strokes better than the best of the rest.

Dickinson, who once was an assistant to Hogan and who tried to pattern himself after the bantam of the fairways, breezed in late with a 30 on the back nine to pull into a tie with Maxwell.

Their 64s tied the record for the 6,577-yard Bayshore Club course with its par of 36-36-72. Shelley Mayfield set the record in this tournament last year.

Veteran Pete Cooper of Detroit and Sam Urzetta of Rochester, N. Y., former National Amateur champion, shared third place with 67s. A stroke back were Mike Souchak, Jimmy Demaret, Bob Inman of Detroit, and Leo Biagetti of Willoughby, Ohio.

Doug Ford, current PGA champion, and six others were bunched at 69. Thirty-five broke par in the first round and another 21 matched it.

Moberly and Kilgore reached the semi-finals Wednesday.

In the losers' bracket yesterday Jacksonville, Fla., eliminated Coffeyville, Kan., 81-73; North Greenville (S.C.) ousted Wright of Chicago (88-77); Graceland (of Iowa) tossed Boise (Idaho) 63-58, and Garden City (Kan.) beat Itaska (Minn.) 77-68.

Garden City and North Greenville were matched today. Other losers' bracket games are Eastern Arizona vs. Jacksonville, and New York City Tech vs. Cameron Aggies.

Babe Zaharias Waits For Hospital Space

TAMPA, Fla. (AP) — It will be several days before Babe Zaharias leaves for Galveston, Tex., to be treated for recurring pains from a cancer attack.

The woman athlete of the half century had planned to leave Wednesday but was advised a bed was not immediately available at John Sealy Hospital, where she underwent cancer treatment before.

"We'll go just as soon as we hear from her doctor," said George Zaharias, husband of the great golfer.

Dayton Meets Louisville For Crown

By ED WILKS

NEW YORK (AP)—Midnight finally tolled for St. Francis' hustling Cinderella team in the National Invitation Basketball Tournament and now it's top-seeded Dayton in the championship final tomorrow afternoon.

Dayton's Flyers, still looking for a title in their fourth trip to the final round in five tries, proved much too big and experienced for the Brooklyn Terriers 89-58 in the semifinals last night. St. Francis had upset 4th-seeded Niagara in the quarterfinals.

Louisville, like Dayton, looked its best in whacking third-seeded St. Joseph's of Philadelphia 89-79 in the other half of the semifinal doubleheader that drew 16,125 to Madison Square Garden.

The title game will be televised nationally (CBS-3 p.m. EST).

It will be the third meeting between Dayton and Louisville this season. Each has a 25-3 record—but it was the Cardinals who made off with two of Dayton's setbacks (66-64 in overtime, and 59-16).

St. Joseph's and St. Francis meet to decide third place.

St. Joseph's (23-6) ended an 18-game winning streak by St. Francis (21-3) earlier this season, 80-176. Dayton's mastery of little St. Francis was slow starting, but once the Flyers got moving, it was a rout.

It was a contest for only 12 minutes, at which point the scrappy Terriers led 20-19. They got just two more points in the half—and before Dayton Coach Tom Blackburn started yanking his regulars, the Flyers had gone on a 44-9 tear to lead 63-27 with 12 minutes left.

The Terriers had nothing with which to combat 7-foot Bill Uhl, who scored 13 points and finally gave an acceptable accounting for himself in the garden after nine failures, or 6-7 Jim Palmer and 6-6 Jim Paxson, both of whom canned 18 points.

The way Louisville moved against St. Joseph's the title should be up for grabs, although St. Francis Coach Danny Lynch picks Louisville "because they move the ball and run better and they pretty well match Dayton's height."

It was that height advantage that helped the Cardinals shatter St. Joseph's Charlie Tyra (6-8), who scored 29 points, and Bill Darragh (6-5) hauled down 25 of Louisville's 39 first half rebounds—while St. Joseph's managed only 25 as a team.

Louisville shot over and drove through St. Joseph's loose zone with ease, and by the half, it was 45-25.

Good-Sized Quintet

SANTA CLARA, Calif. (AP)—Bob Feerick's Santa Clara basketball team is fairly well fixed in height. His starting five includes Rich Montgomery (6 feet 7), John Boudreau (6-5), Dick Harrison (6-5), Gary Gillmor (6-0) and Danny Ball (5-11).

Dons Must Play Hard Against Iowa

By CHARLES CHAMBERLAIN

EVANSTON, Ill. (AP) — The San Francisco Dons seldom have been extended completely in rolling up their amazing winning streak, but Iowa tonight may force them to pull out all stops in order to gain a second straight NCAA basketball crown.

The dashing Dons worked so smoothly in chopping down Southern Methodist last night, 86-68, that they were almost unimpressive.

Possibly they left a feeling among the 10,500 fans at Northwestern's McGraw Hall that they were ripe for plucking by fiery Iowa, which knocked off Temple's 83-76.

But many of the experts figure that the Dons are well high in the invincible and will take the Hawkeyes in stride to end their campaign with a 55-game winning string.

The Dons, however, will have to play better than they did against SMU, and Iowa will have to come up with its supreme effort to pull an upset.

A big question, of course, is that concerning the Hawkeyes' All-Big Ten center 6-7 Bill Logan, who will be up against two-time All-America Bill Russell.

Logan had one of his best games of the year against Temple and rammed in 36 points, high for his three-year varsity career.

The 6-10 Russell hit for 17 points. He collected 23 rebounds to Logan's 8.

Mike Farmer topped the Dons in scoring with 26 points as San Francisco hit .463 from the field. Iowa made .414 per cent of its field goal attempts in downing Temple, whose scoring load was carried by a pair of sensational guards, Guy Rodgers with 23 points and Hal Lear with 32.

"We'll have to be much sharper if we hope to beat San Francisco," said Bucky O'Connor, Iowa coach. "But if we play up to our capabilities, we can give anybody in the country a good game. We weren't as sharp against Temple as we were in defeating Illinois and Kentucky this season."

Coach Phil Woolpert of the Dons has the same feeling about it. "Iowa is a good 'boards' team and our whole club has a lot of respect for it," he said. "We'll have to do much better than we showed against SMU to win. Temple will meet SMU for third place in tonight's opener."

Mickey Mantle Fans Out for First Time In Spring Season

WEST PALM BEACH, Fla. (AP)—Mickey Mantle, the New York Yankee outfielder who normally strikes out around 100 times each season, fanned yesterday for the first time this spring.

Vinegar Bend Mizell, St. Louis lefty, whiffed Mantle in the first inning of the game won by the cards 7-5. Mantle officially had batted 35 times in exhibitions before striking out.

Goalie Bell Earns Raise In Cup Match

By THE ASSOCIATED PRESS

Gordie Bell, a substitute goalie with vast minor league experience, got an automatic \$50 raise when he stepped into the New York Rangers' nets last night against the powerful Montreal Canadiens.

And he earned it.

Filling in for the injured Gump Worsley, Bell turned in a sparkling performance as the Rangers defeated the Canadiens 4-2 in one of the biggest upsets in Stanley Cup history. The victory enabled the New Yorkers to even their best-of-seven semifinal series at 1-1.

In the other semi-final round, the Detroit Red Wings beat the Toronto Maple Leafs 3-1 to take a commanding 2-game lead.

Bell, called up from Three-Rivers of the Quebec League just prior to the playoffs, made his first National Hockey League appearance in 10 years. He was paid \$50 for sitting on the sidelines while Montreal slammed seven goals past Worsley in the opener Tuesday night. His salary for last night's effort was \$100.

At that price Gordie was a bargain. He turned back 32 shots in a steady and, at times, spectacular job.

With the score tied 2-2 after two periods, Bronco Horvath scored the winning goal at 42 seconds of the third session while Montreal was a man short. Dean Prentice added an insurance marker at 14:10.

The Red Wings, defending Cup Champions, came from behind to dump the Leafs. As in their opening game, won by Detroit 3-2, Toronto grabbed the lead in the first period, this time on George Armstrong's goal.

Alex Delvecchio tied it up for Detroit in the sixth minute of the second period and Ted Lindsay got the game-winner at 19:05. Lorne Ferguson made it 3-1 at 14:39 of the final period.

Alabama U. Challenging 66-ers Tonight

DENVER (AP)—The University of Alabama championship team of the Southeastern Conference challenges defending champion Bartlesville, Okla., Phillips 66-ers in the semifinals of the 49th AAU basketball tournament tonight.

The Alabama seniors, playing for Ada Oilers of Mobile, Ala., shot through last night's quarterfinals with a 79-74 triumph over the Wichita, Kan., Vickers team, manned by veteran AAU players.

Phillips, champion in seven of the last 13 tournaments, ran up the highest score of the current meet in disposing of the Chicago Rainier Comets, 106-90.

Matched in the other semifinal are Milwaukee Allen-Bradley and the Seattle Buchanan Bakers, both experienced AAU clubs shooting for their first title. Milwaukee edged Denver's Central Bank, 79-77, in overtime. Seattle notched a 68-64 victory over Pasadena, Calif., Mirror Glaze.

Snow Causes More Persons To Watch TV

By CHARLES MERCER

NEW YORK (AP)—In areas of the Northeast afflicted by the big snow last Monday more people must have looked at more television than has been the case in any 24-hour period in quite a while.

Certainly it must have been true in the New York Metropolitan area. For one thing, I've heard various fellows muttering that they spent most of Monday looking at TV, and isn't daytime programming something, and so forth. For another thing, practically nobody went to work—and they must have been doing something; meaning, watching television.

Personally I don't know what happened on TV Monday daytime. Personally (and I don't mean to be smug about this, you guys) I went to work. Without rubbing it in, I must point out that the trains were running—though a mite late. There was little mechanical failure; there was only human failure.

At peril of sounding churlish, one must point out that any Canadian and practically anybody living north of the New York latitudes would not have been staggered by Monday's weather. All you had to do was walk to the nearest moving transportation. The Northeast was gripped less by storm, I maintain, than by a mass passive resistance to the old job.

For the first time in a year my telephone at the office failed to ring once. While those at home watched TV, the television industry itself literally closed for the day. After a while you began to

Kaoteng Attack By Reds Would Lead to Battle

TAIPEI, Formosa (AP)—The chances are you've never heard of Kaoteng. But the chances are at least 50-50 that you will hear of Kaoteng again and again. It's one of those obscure places like Dien Bien Phu used to be, that can come leaping into the headlines. It's a tiny island at the northern end of the Formosa Strait off Red China—4½ miles away. Kaoteng is one of those islands known as the Matsus, held by the Chinese Nationalists coveted by the Chinese Communists.

A Communist attack on Kaoteng would not lead to Nationalist pullout from the island. President Chiang Kai-shek and other Nationalist leaders say it would lead to a real battle with the Reds.

And if it comes, there is a possibility of U. S. intervention. President Eisenhower has congressional authority to order it. And he could give the order if, in the opinion of his military advisers, a Red assault took place on a scale that suggested Formosa itself might be in danger.

Kaoteng is now in the spotlight. Earlier this week, according to the Nationalist Defense Ministry, the island was subjected to a Communist naval bombardment for the first time.

Art Commission Says Man's House Should Be White, Not Green

ST. LOUIS, (AP)—Roy Moise is caught between his wife and the city Art Commission as to what color shingles should be on his house.

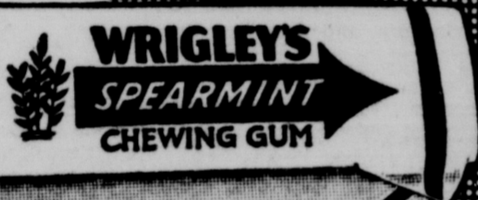

Mrs. Moise wants green shingles. When the contractor tried to get a city permit, the matter was referred to the Art Commission because the house is near a park.

Too drab, said the commission. Moise should use white.

Moise said yesterday his wife is Irish and wants green and "I've gotta live with the woman. I don't know what I'm gonna do."

British Films Lack Enough Sex Appeal

By BOB THOMAS

HOLLYWOOD (AP)—The trouble with English pictures is that they lack sex appeal. This comes from Joan Collins, provocative young British import.

The failure of English films to make more of a dent on the British market has been a source of constant concern over there. The frank-talking Miss Collins believes he has the answer, based on her own experience.

"It's simply impossible for a girl to get a break in England," she said, echoing a sentiment of another recent import from the Isles, Dana Wynter.

"They're not interested in women in England. They prefer their old favorites like Jack Hawkins. I love Jack too, but I think it's a shame that girls can't get a break."

"It's not the people's fault. They're interested in sex. It's the producers. They don't care about making pictures about girls. They prefer to make them about trains or auto races or bird watchers or the old vicar who is dying of cancer. Marilyn Monroe would never have had a chance in England."

What about Diana Dors, England's answer to Double-M? It took Diana 12 years in films

German Cadets Arrive For Flight Training

NEW YORK (AP)—Nine naval aviation cadets from West Germany arrived in the United States for flight training yesterday. All volunteers, they will be the nucleus of a new West German naval air force.

They will go by train tomorrow to the Naval Air Station, Pensacola, Fla., for 14 months of flight training.

to get where she is," Joan replied. "I know, because she is a friend of mine." But she agreed that Diana is known in this country more by her publicity than her films.

That Joan could qualify in the sex sweepstakes is without question. I watched her perform a dance number for "The Opposite Sex," in which she plays the siren role performed by Paulette Goddard in the original version of "The Women." She slinked down a stairway and wiggled in as close to the bumps and grinds as the censor will allow in films. She also has not one, but two bathtub scenes.

Britain was never like this!

Man's Arrest Takes Use of Helicopter

OROFINO, Idaho (AP)—Squad cars, paddy wagons, police launches, sheriff's horses—none of these was of any use when the government decided to arrest Bill Morland.

Authorities flew a helicopter in to the remote North Fork area of Idaho's Clearwater County to pick up the 55-year-old hermit.

Morland was charged with illegal entering of a government building. Authorities said he stole food supplies stored in the woods for the use of rangers and snow surveyors.

Morland was jailed in lieu of \$1,000 bond and his trial date was not set.

Lost Vacation
TRAVERSE CITY, Mich. (AP)—Starting a five-week vacation to Mexico, the Cloyd Taylor family found the youngest boy had chicken pox. He was left behind. Then every connecting rod in the car burned out. Taylor had to buy a new car. Fishing was impossible as flood waters swelled western streams. Mexican temperatures

dropped to 11 above and \$50 worth of color film taken was blank because the camera lens was stuck open all the time.

Arms and the Man
STONEHAM, Colo. (AP)—Ralph E. (Bud) Bartram, 49, is well-equipped for his parttime duties as justice of the peace and special sheriff's deputy. He runs a 1,550 acre farm and has a collection of 35 rifles, 30 pistols and 1,300 Indian arrowheads.
His 35 rifles include muzzle-loading pieces made in 1850. His oldest revolver was made in 1871, his latest in 1955.
Hermann von Helmholtz was the first man to see the interior of the human eye through an ophthalmoscope which he invented, eye experts say.

Sunday School Lesson Notes:

By William E. Gilroy, D. D.

It was Sir John Bowring, religiously a Unitarian and a civil servant in India, who wrote the hymn, "In the Cross of Christ I Glory."

The fact that Bowring, a Unitarian, could write so fervently and devoutly about the Cross of Christ ought to remind us that love of the Savior has not been confined to those who accept a theological creed. Even St. Paul said that he worshiped God after the way that some called heresy. (Acts 24:14.)

It is well to hold strongly to our own convictions, but to judge with good will those from whom we differ, if it be necessary to judge them at all.

But, to return to Sir John Bowring, and his hymn of the Cross, the closing stanza of the hymn is this:

"Bane and blessing, pain and pleasure, By the cross are sanctified; Peace is there that knows no measure, Joys that through all time abide."

How is pain sanctified by the Cross? And what light, or comfort, does the suffering of Christ bring to the problem of human suffering?

The problem of suffering is age-old, and a whole Book of the Bible, the Book of Job, is devoted to it. (Incidentally, the Book of Job found no solution except in personal faith and trust.)

"Though He slay me, yet will I trust Him"; and in effect the ancient word of Abraham (Genesis: 18:25) "Shall not the Judge of all the earth do right?"

The drama of Job was a profound protest against the views of Job's well-meaning friends, that

suffering is somehow a sure evidence of guilt. This idea still is strongly held not only among idolatrous tribes but among many who worship God, but who worship Him in fear rather than in love, and who fail to read aright the truth of the Bible concerning suffering—especially the message that comes from the Cross.

The ancient Hebrews, who so easily equated suffering with wrongdoing, and of incurring thereby the wrath of God, ought to have seen and known better as they saw that it was the noblest among them who suffered the most—the prophets, whose sufferings are described in Hebrews 11:35-37.

As a matter of fact, both then and now, it has been often the purest and best who have borne the heaviest burdens, and suffered the greatest pain.

I cannot speak of the solution of the mystery of the suffering of the guiltless; nor do I think the mystery is solved. But into the mystery is the Cross of Christ—the suffering of the purest and truest One of all. The wrath of man, the hatred and injustice, and cruelty of man, were in the crucifixion of Jesus.

The mystery of His sufferings, like the mystery of suffering itself, cannot be explained—just why He suffered for us, or how "by His stripes we are healed."

But one and for all the Cross of Christ is the answer to those who have cried out in their pain,

St. Louis Opera House Scorned By Engineers Of Recording Firm

ST. LOUIS, March 22—(P)—Kiel Auditorium's Opera House, a source of great pride to the city fathers, has been scorned by engineers of a recording firm.

The Columbia Records engineers, after acoustical tests of many auditoriums here, chose the main hall of St. Louis House for a recording session with the St. Louis Symphony Orchestra.

"I wasn't satisfied with the sound setup in the Opera House at Kiel Auditorium," said Howard Scott, recording director for Columbia. "The vastness of the room and the carpeting deadens and absorbs sound."

'Bama Minister Convicted As Boycott Leader

MONTGOMERY, Ala., March 22—(P)—The Rev. Martin Luther King Jr. was convicted today as a leader in the Negro boycott of segregated city buses and was fined \$500. Defense attorneys immediately filed notice of appeal.

At the same time, Circuit Solicitor William F. Thetford announced that the state had agreed to postpone the trial of 89 other defendants, also indicted on boycotting charges pending the appeal of King's conviction.

Under the state's anti-boycott law on which King was tried, Circuit Judge Eugene Carter who found him guilty in the absence of a jury could have imposed a fine of \$1,000 plus a six-month jail sentence. But the judge said he decided on a lesser penalty because testimony showed that the minister appealed to his race to refrain from violence during the 17-week-old boycott.

King had testified he never encouraged Negroes to refrain from riding buses.

Ike Opposes Proposed SS Law Changes

Administration Says They Would Cost Taxpayers Too Much

WASHINGTON, March 22—(P)—The Eisenhower administration argued today that proposed Social Security changes, especially affecting women and disabled persons, would cost the taxpayers too much.

That was one of several reasons advanced by Secretary of Welfare Folsom in testimony to the Senate Finance Committee, against a heavily backed bill that would:

1. Provide retirement benefits for women at age 62, instead of 65.
2. Provide cash benefits to the totally disabled at age 50, a new program.

Would Boost SS Taxes

3. Finance these changes with what Folsom described as "an unscheduled 25 per cent increase in Social Security taxes on the wages of the 70 million workers now contributing to the system."

Folsom said the total tax increase would amount to \$1,700,000, 000 over the first full year of operation.

"I would not initiate at this time in Old Age and Survivors Insurance further major innovations or broad departures in principle which would increase taxes substantially," he said.

"There is a limit to the tax increase that should be imposed on the people to finance a Social Security program."

Asks Wider Disability Aid

The bill passed the House last July, 372-31, and it has an election-year appeal. Its endorses include Sen. Lyndon of Texas, the Senate Democratic leader; and Sen. George (D-Ga.), an influential member of the Finance Committee. George, in fact, has proposed making disability payments at any age.

Folsom's appearance today gave the administration's first clear-cut position on the legislation.

He endorsed that part of the bill which would extend coverage to self-employed attorneys, dentists, osteopaths, optometrists, veterinarians and other groups. He called for coverage that would be "as nearly universal as practicable."

Security Council To Meet

Expect Russia To OK US Plan On Palestine

UNITED NATIONS, N.Y., March 22—(P)—The Security Council meets Monday on the Palestine crisis with Russia expected, at least tentatively, to approve a new American-sponsored plan.

It would send Secretary Gen. Dag Hammarskjold on a Middle East peace mission, possibly on April 2.

Russian Delegation Silent

The Soviet delegation remained officially silent on the stand it will take in the Council but Soviet sources said unofficially they saw nothing wrong with the idea at the moment.

The delegation is awaiting instructions from Moscow.

Diplomatic moves relating to the Middle East also were reported in Western capitals.

In Washington, it was disclosed French Foreign Minister Christian Pineau has invited Secretary of State Dulles and British Foreign Secretary Selwyn Lloyd to meet him within a few weeks for a discussion of the Middle East situation. There was no immediate American reaction.

In London, the British reported they are able and willing to spearhead a force to meet any aggression in the Middle East.

Lodge Offers Palestine Resolution

U. S. Chief Delegate Henry Cabot Lodge Jr. put up the Palestine resolution after long talks with Britain and France. It was worded carefully in an effort to obtain Russian agreement so the Council action could be unanimous.

The resolution asks Hammarskjold to undertake "as a matter of urgent concern" a survey of enforcement and compliance with the Israeli-Arab armistice agreements and with Council resolutions calling for maintenance of peace.

It suggests Hammarskjold arrange measures to reduce tension—such as withdrawal of forces from the armistice lines, full freedom of movement for U. N. observers and establishment of local arrangements to prevent incidents and detect violations of the armistice agreements.

Donnelly Proclaims Jewish Child's Day, Receives Stamp Album

JEFFERSON CITY, March 22—(P)—Gov. Phil M. Donnelly became the possessor of a handsome leather bound Israeli stamp album as he proclaimed today world Jewish Child's Day.

The album was presented by Mrs. Marvin B. Seltzer of St. Louis, president of the Missouri Valley Region of Hadassah, an organization of Jewish women.

Hadassah is the American representative of Youth Aliyah, a group that started helping children 22 years ago with a first contingent of 43 German youngsters. Since then Aliyah reports it has helped a total of 70,000 children.

China-Burma Airlines Planned By Red China

BANK ROBBERS SENTENCED—Louis Dee Young, Jr., 25, left, and James Arlington Debenham II, 24, right, walk down a corridor on their way to U. S. District Court in Topeka, Kan., for sentencing for bank robbery. They robbed a Richland, Kan., bank headed by Mrs. Georgia Neese Clark Gray, former U. S. Treasurer, forcing her to open the vault. Each was sentenced to 20 years in prison. They obtained about \$2,000 in the Jan. 2 robbery. Young and Debenham are from Dallas, Tex. (AP Wirephoto).

Ignore Hints Of A Veto—Demos Not To Relax Drive For Higher Price Supports

WASHINGTON, March 22—(P)—Democratic leaders in Congress decided today to go all out for higher price supports in the farm bill despite hints of a presidential veto.

They appeared to be encouraged by the big Democratic vote piled up in Tuesday's presidential primary vote in Minnesota. The farm issue is red hot there, though there is an argument between Republicans and Democrats as to how much the issue influenced the voting.

Hold Planting Exhibition On Tuesday

A meeting to demonstrate the planting of small trees and multi-flora rose will be held at Paul Stephens at 9 a. m. Tuesday morning, March 27. This planting day fits in well with the arrival of trees from the Conservation Commission this Friday.

All these trees and plants can be set in a plow furrow if the ground has been prepared ahead of time. That will be the procedure demonstrated at Stephens. The quantity of these plants arriving in the county gives an idea of the need of some mass planting method. Pettis County's shipment totals 43,230 plants. Of that amount about 1,650 are evergreens, primarily pine, 2,000 are shrub lespedeza and 39,770 are multi-flora rose.

Orders were shipped for 26 different people with several of the individual orders to be broken down for 4-H clubs, for boys in the Green Ridge FFA chapter and for local Boy Scouts. All these plants are being unloaded at the home of the new conservation agent, Chet Vermaas, in the Country Club addition. Chet lives at the north end of the first north and south street after you enter the addition.

Folks planning to hold their plants until the planting meeting should open their bundles and heel in the small bundles on the shady side of a building.

The planting site at Stephens is actually a windbreak. It will have three rows of pine with a row of multi-flora rose on each side. The Stephens farm is about three miles south of Longwood. From Sedalia it is ten miles north on Highway 65, 2 1/2 miles east on Highway J and 1/2 mile north on the west side of the road.

Parity prices are fixed by the Agriculture Department according to formulas deemed fair to the farmers in relation to their production and living costs.

Rail Head Describes Research As Key To Success Of Rail Lines

KANSAS CITY, March 22—(P)—Research was described today by a railroad president as the key to success of rail lines in meeting all forms of competition.

Downing B. Jenks, Chicago, president of the Rock Island Lines, said research program among the railroads should go far beyond the limits of studies to make mechanical and technological advances alone. He declared market research is a necessity.

He related that through market research his company was able to save money by not setting up a system of serving meals to passengers in passenger cars. He said research proved that most riders preferred dining car accommodations.

The Rock Island, he said, is actively engaged in research in personnel.

3,000 Tunisian Nationalists Riot For Independence

Others Laud Nationalist Leader Upon Return From French Parley; French Forces Douse Uprising

TUNIS, Tunisia, March 22—(P)—About 3,000 Tunisian nationalists rioted here today to emphasize demands for quick, complete independence. French security forces broke up the demonstration with fire hoses and tear gas after a 45-minute fight.

Other thousands of Tunisians cheered the moderate nationalist leader, Habib Bourghiba, on his return from Paris with a French pledge of autonomy in which some ties between France and Tunisia will be retained. They gave Bourghiba ovations at the airport and at the palace of the Bey of Tunis, Sidi Mohammed al Amin, to whom he reported.

Tension Reflected

Months of tension in French North Africa—Tunisia, Algeria and Morocco—were reflected in these varied expressions of feeling.

The rioters were followers of Salah ben Youssef, an exiled extremist who formerly was secretary general of Bourghiba's Neo-Destour Independence party. The two men, once good friends, split last fall. Ben Youssef contended Bourghiba's policy of negotiating with the French for concessions bit by bit was too slow.

Ben Youssef's group flew flags of the rebels of neighboring Algeria in a march to the Neo-Destour headquarters. There they ran into a strong force of police and troops, backed by tanks. Several dozen were arrested in the clash. Police seized the rebel flags. No one was reported seriously injured.

The Tunisian settlement, reached Tuesday, resembles that which the French government negotiated last fall with French Morocco—independence in a framework of interdependence with France. The terms of the interdependence are still to be defined.

The French resident minister in Algeria, Robert Lacoste, announced he will issue tomorrow a series of economic decrees designed to raise living standards of the Arab farmers, who generally live in conditions of poverty.

Fighting went on, French authorities reported that, in the 24 hours up to this evening, 95 Algerian rebels and seven French soldiers were killed and 19 Arabs were slain in political killings.

Mansfield Hits Foreign Aid Program

Calls For Better Ways To Cope With The Soviet Threat

WASHINGTON, March 22—(P)—Sen. Mansfield (D-Mont) challenged the administration today to produce "new and better ways to meet the Soviet threat" than the foreign aid program presented by President Eisenhower Monday.

Mansfield lashed out at this program as sadly lacking in "positive, constructive suggestions" and "more of the same old medicine" as Secretary Dulles began a rapid round of conferences in defense of administration policies.

Dulles, who returned last night from a 19-day tour of 10 Asiatic countries, will follow up his reports to Washington officials with a radio-TV broadcast to the American people at 10:30 p. m. EST tomorrow night.

Optimistic View On Far East

The secretary gave congressional leaders of both parties what they later described as a temperately optimistic view of conditions in the Far East, combining some improvements over the past with prospects of trouble ahead.

Administration planning took a boost from Gen. Alfred M. Gruenther, commander of NATO forces in Europe, who said he is "absolutely certain that we shall prevent a third world war" if this country continues to furnish "dynamic leadership," and if the North Atlantic Treaty Organization retains its unity.

Appears Before House Group

Gruenther appeared before the House Foreign Affairs Committee, which is now considering Eisenhower's \$4,900,000,000 foreign aid program for the 12 months starting July 1.

He was followed at an afternoon closed-door session by Dulles, who reported privately to the National Security Council after briefing 22 congressional leaders at a White House meeting with Eisenhower.

Tomorrow Dulles will describe his trip at the regular Friday Cabinet meeting and then will go before the Senate Foreign Relations Committee before appearing on a nationwide broadcast.

Rules Death Of Coed Was Not Accidental

ALVA, Okla., March 22—(P)—A coroner's jury ruled today that the death of Mrs. Mildred Ann Reynolds, pretty college coed, in her burning car March 13 was not an accident.

The six jurors signed the verdict after two days of hearings. They determined her death was the result of the fire and said, "we the jury feel that said fire could very well have been the result of incendiary."

Officers were asked to continue the investigation.

Mrs. Reynolds, 22-year-old senior student at Northwestern State College, was found in her burning car shortly after she left the college nine days ago. The fire was 2 1/2 miles south of here and about four miles from her home at Avard.

Today's testimony included a statement by one state officer that he believed the fire had been "helped" and another by a state crime bureau agent that he could not say whether he thought the death was foul play or accidental.

33 Years With Democrat-Capital—Mrs. Ella Cryder Terminates Daily Routine of Collection

Friday terminated the daily routine schedule of Mrs. Ella Cryder, 210 East Seventh, after 33 years with The Democrat-Capital, most of it as a collector.

But that doesn't mean Mrs. Cryder will not be with the company any more. She is still an employee in the circulation department and may be called in at any time for work. Her ability and experience is valuable to the company, who will retain her services and use her when necessary. This however, gives her an opportunity to have much spare time to do things she would like to do and takes trips to visit relatives and friends. In fact, she started right out Friday and went to Columbia to visit her grandson and his wife, Mr. and Mrs. George Robert Lewis.

Mrs. Cryder was presented an electric percolator from her co-workers and The Democrat-Capital Co. Friday afternoon.

It will seem strange, and probably very good, to Mrs. Cryder not to have to get up every morning and start walking all over town collecting, although she enjoyed her work and the friends

Tax Deadlines Are Explained By Official

By Scott Webber
District Manager, Sedalia Social Security Office

In this concluding article of a series on reporting self-employment net earnings, from farming or ranching for social security purposes, I want to stress the due dates for filing tax returns which must be met by self-employed farmers and ranchers in order to comply with the law and to obtain proper social security credit for earnings which apply toward old-age and survivors insurance protection.

If you had net earnings of at least \$400 in calendar year 1955, you must file a return, report your net earnings which apply toward social security, and pay the social security tax on those earnings. You are requested to file as soon as possible after Jan. 1, 1956; you should file not later than April 15, 1956.

While the filing of a declaration of estimated income tax is primarily an Internal Revenue Service matter, there is a special regulation in this connection which I want to help bring to the attention of self-employed farmers and ranchers. Although a person self-employed in a profession, trade, or non-farm business may be required to file an estimate of income by April 15 of that year, persons who derive at least two-thirds of their gross income from farming may file their declaration on or before January 15 of the following year.

If you are required to file a declaration of your 1955 income and do so on or before Jan. 15, 1956, and pay the estimated tax at that time, your return will not be due until April 15, 1956.

However, if you file your final tax return on or before February 15, 1956, and pay the total tax at that time, it will not be necessary to file a declaration.

In any case, bear this in mind—the completion of Schedule SE (the brief tax-off portion of Schedule F, or Schedule C) and the payment of the social security tax must accompany your income tax return. This is a responsibility required of you under law; by meeting it, moreover, you have the assurance that you are getting full credit for your taxable earnings which are building old-age and survivors insurance protection for you and for your family now and in the years ahead.

Further information on social security taxes may be obtained at your nearest Internal Revenue Service office. The social security district office at 605 South Massachusetts, Sedalia, will gladly give information and service on matters related to social security benefits.

On Golden Anniversary—

Sedalia High School Class Of 1906 Plans Big Reunion

The class of 1906 of the old Sedalia High School plans a golden anniversary reunion in Sedalia on graduation day, May 24, as part of the Smith-Cotton high school graduation program. Walter H. Bohling, president of the class, has been working on the plans for several months.

Mrs. O. W. Peithman, nee Cora Lamm, now of Knob Noster, secretary, and John T. Ready, now of Kansas City, vice-president of the class, likewise have been compiling information on the class prior to the recent announcement of the reunion would be held.

On Dec. 28, 1955, a meeting of 15 members of the class who still reside in Missouri was held, and a decision was reached to try and contact all living members of the class and invite them to a reunion. First letters were written and follow-up letters have likewise been mailed to several who failed to answer the first letter, received.

Superintendent of Schools Heber U. Hunt, and Forrest Drake, Smith-Cotton principal, approved the efforts of the class officers of 1906 and gave assurance of their cooperation by school authorities.

With the reunion scheduled for May 24, this will also give the former Sedalians a weekend to visit old friends and make new acquaintances of Sedalians.

Details for the day's program have been assumed by Mrs. Frances Lydick Jenkins, Mrs. Ewing Fulkerson Greer, Mrs. Gertrude Merry Daniels and Miss Esther Stratton.

Phil Kidd, president of the First National Bank, Norman, Okla., has been appointed and accepted the responsibility of handling the financial committee on any matters which might arise in connection with the reunion.

Dr. Jordan Says—

Acute Gout Is Among Most Painful of Human Disorders

By Edwin P. Jordan, M.D.
No one who has ever had an attack of acute gout can ever forget it since it is one of the most painful of all human disorders. Furthermore, it is not as uncommon as was at one time believed.

The cause or causes of gout are still somewhat obscure though perhaps most students of the disease agree in general that it is an inherited defect of metabolism (disease functioning) which causes some people to manufacture more uric acid than they can use or eliminate.

It is primarily a disease of men and only about one case in 20 is in women.

A typical acute attack starts suddenly with terrific pain at the base of one of the big toes. It may, of course, start near some other joint. The pain often comes at night and wakes the victim from a sound sleep. Tenderness is extreme. Even weight of the bed clothes is often intolerable.

An acute attack is frequently brought on by overindulgence in food or alcoholic beverage. A good many of those who suffer an attack report an unusually rich or large meal immediately preceding the onset of their pain and quite often will have taken wine or some other alcoholic beverage.

At the present time there is some difference of opinion on the importance of dieting. But probably most physicians who treat the disease still forbid those foods which contain a chemical substance called purine in large quantity. Among the foods with large quantities of purines are liver, sweetbreads, beef kidneys, brains, meat extracts, sardines, anchovies and meat gravies.

By proper knowledge of diet and sometimes by the addition of one or two drugs, it is often possible to prevent attacks of acute gout or at least to make them come less often.

In those who have had acute gout for years, a chronic form often appears which doctors call gouty arthritis. In this, crystalline substances are deposited in or near the joints. They cannot be dissolved, but are not usually painful between acute attacks. However, these crystals, called urates, can become so numerous that they are disfiguring, some reaching the size of hen's eggs or even larger. Occasionally they break through the skin and drain out for a long time. Sometimes surgery for them is advisable.

There are also certain drugs which are useful both in acute attacks and in reducing the number of attacks. Curiously enough cortisone or ACTH, if given at the right time, will halt the progress of an attack. However, if stopped without other measures being simultaneously used the attack comes on later anyway.

A fairly new drug has contributed enormously to the control of gout though it has little value in the actual presence of an acute attack. This is the drug known as probenecid or benemid. This drug acts to increase the rate of uric excretion and can be taken in small doses more or less indefinitely by certain patients for whom it is indicated. It should be taken only under doctor's orders.

Regional Library Notes—

Books on Cooking, Buying Suggested for Homemakers

The Boonslick Regional Library salutes the homemakers of the area on March 17-24, National Home Economics Week. They are custodians of the health and happiness of our families. Their influence on our future is probably greater than any other single influence.

On this Home Economics Week, Boonslick Regional Library would like to pay its respects to the farm women's clubs and to their leaders. The United States Department of Agriculture with their County Agents and County Home Agents has one of the most efficient adult education programs in the world and much of the homemaker's knowledge is disseminated through these clubs.

For the business of homemaking, Boonslick Regional Library would suggest books on nutrition, cooking, dieting and marketing. New and old cook books, women's

magazines and even some gardening books have ideas on food for the family. And if the teenagers haven't time to eat properly, perhaps books of advice to teenagers might help too.

Books on sewing, tailoring, draperies and slip covers, on upholstering and refinishing furniture are available from the library. Books on landscaping, lawns, vegetable and flower gardens will help to improve the out of doors. Interior decoration, remodeling, painting and home plumbing are available.

But a homemaker does more than sew and cook and clean. To have a happy family, she has fun with her family. Books of games, of music and of ideas, even "The Family Fun Book" by Helen and Larry Eisenberg is available. Books of hobbies and handicrafts of directions for out of door barbecue ovens and indoor activities are available.

Civil Rights Issue Flares At 2 Schools

KANSAS CITY (AP)—A criticism of their handling of civil rights controversies involving the dismissal of professors has been leveled at the University of Kansas City and Kansas State Teachers College at Emporia.

No specific case or cases were mentioned by an investigating committee of the American Assn. of University Professors in its announcement yesterday.

But Dr. John E. King, president of the Emporia school, expressed belief it concerned the suspension there three years ago of Dr. W. Lou Tandy, a one-year replacement.

Earl J. McGrath, president of the University of Kansas City, declined to speculate.

The AUP is known to be considering the case of Dr. Horace B. Davis who was fired by the university in December 1953 for refusing to answer questions asked him by a Senate subcommittee looking into subversive affiliations.

"We have had no communication with them," McGrath said, "but we have made every effort the last two years to get off the AUP's censured list." The local school has been on the list "12 or 13 years," McGrath estimated.

The Tandy case at Emporia "is the only one to which the AUP has made previous reference" leading to his speculation that it is what the committee refers to, King said.

"They have corresponded with me about the case, and I have furnished them information on it," he added. "But there is no record of them having come here to investigate, and to my knowledge they have not done so."

Tandy's dismissal was handled by King's predecessor, Tandy, fired Jan. 20, 1953, after publicity that he had signed a petition requesting amnesty for 11 national Communist party leaders convicted under the Smith Act, was paid his salary for the remainder of the year.

King was not appointed president of the college until that August.

Contributors To Old Haven Have Reward

NEW YORK (AP)—The good people who "kicked in" more than \$15,000 toward removing Miss Dorothy Day's "House of Hospitality" from the firetrap category are having their reward.

The 57-year-old gray-haired lady appeared in court yesterday and said 1,188 persons—who read reports that her haven for the unfortunate had been ordered vacated—sent in a total of \$15,540 to finance repairs.

"That's wonderful," said Magistrate Jack Nicoll, adjourning the case until April 17.

The rehabilitation fund still has a long way to go—at least \$13,000 is needed.

Miss Day—who says that St. Joseph, the patron saint of workers, is laboring overtime in her behalf, said:

"It will come. I don't worry about that."

Miss Day gave up a writing career 23 years ago to help found the house, which has beds for 60 homeless persons and hands out meals to 200 to 300 derelicts daily.

The four-story building, on the lower East Side, was the scene of a fire caused by a cigarette smoker three years ago. One man was killed and five others injured. From then on, Miss Day had her troubles. The meager charitable sums she received just to keep the place going hardly made a dent in repair bills.

Several weeks ago it looked like "the end of the line" when she was ordered to appear in court and pay a \$250 fine as a slum landlord.

Magistrate Nicoll later rescinded the fine.

Maytag Heiress Files Suit Charging False Psychiatrist Report

NEW YORK (AP)—An heiress to a washing machine fortune is suing a woman psychiatrist for 1 1/2 million dollars, contending the doctor lied to a relative about her mental condition and precipitated a long court battle before she got her inheritance.

Mrs. Elizabeth Maytag Revyuk charged in State Supreme Court yesterday that Dr. Flanders Dunbar, with offices on Fifth Avenue, falsified her mental condition in a "corrupt bargain" with her brother, Frederick L. Maytag, president of the washing machine firm.

At Newton, Iowa, last night, Maytag declined comment on the suit.

Dr. Dunbar's attorney termed the allegations false and scandalous.

The suit alleges that Dr. Dunbar and Maytag reached an understanding "whereby the doctor agreed, for a consideration, to cooperate with and to assist my brother to withhold from me the property left to me by my father."

Super-Mart For Safeway Is Proposed

Tuesday afternoon a special meeting of the Marshall City Council was held, with seven members present, and by unanimous vote a zoning change was approved.

This was for the purpose of permitting the Safeway Co. to erect a super-market on the west side of Odell Ave. just south of Mitchell St. One councilman, Howard Fox, was absent at the session.

The motion to amend the zoning ordinance changing classification of property involved from dwelling to highway business received unanimous sanction on a voice vote. Ed Scott, city counselor, was instructed to prepare an ordinance providing the change, to be up for passage by the council at its first meeting in April.

The Safeway Co. contemplates in the program for the ultra-modern super-market expenditure of about one-fourth million dollars.

In the regular council meeting at Marshall Monday night, traffic matters were taken up and an ordinance was passed making it prohibitive on what was commonly known as "feeding the parking meters." This would allow but two hours time, the maximum on meters in Marshall and at its expiration the motorist must move his car. Staying longer would put the car operator subject to receiving an overtime parking ticket. The ordinance makes it a misdemeanor for violation of the ruling and a maximum fine of \$10 may be exacted for violation.

In the Safeway program, Roy Solem, public relations director for the company, at the special council session said the proposed Safeway building would be a strictly modern structure and would have 10,400 square feet and parking space for 107 cars.

William E. Seelen, city clerk-controller, read a petition at Monday night council meeting having nine signers opposing the zoning change. Investigation revealed, it was stated, only five of them were property owners and were within the 185-foot limit.

Spokesman for the opposition was Howard Jones, 827 South Odell, who spoke in their behalf.

Hatoyama spoke briefly to some 300 Japanese and foreigners at a luncheon.

Tax Agents Report Modern Paul Revere

HUGO, Okla. (AP)—Federal Alcohol Tax Unit agents today reported a modern "moonshiner" Paul Revere.

Agents Archie Kirkpatrick and Harold Lee approached a still in the wild timber country of Choctaw County and flushed a man they said was a "loosht."

The man raced away on horseback and yelled out something that was in code as he circled the area. His warning immediately set off a car horn which began sounding a warning.

The moonshiners escaped but the agents confiscated a 50-gallon still along with 150 gallons of mash.

Kirkpatrick and Lee reported no arrests were made because "you can't arrest a man for riding horseback 50 yards from a still, or for blowing his car horn."
